During the Japanese invasion in January, 1942, Dr Pettus not only carried on his medical work but was chiefly responsible for establishing a refugee camp on the Yale-in-China campus which successfully sheltered over 10,000 women and children. On his return to China in October, 1944, following a year's leave in the United States he took with him over the Hump a ton of critically needed medicines and surgical instruments. He was the first American to return to Changsha after its recapture and rendered vital service in reopening the severely damaged Hsiang Ya Hospital. He also helped protect all hospital and church school property in the city against further damage and aided with the billeting of American army and navy personnel in Changsha during this post-surrender period.

Dr Pettus lost his life when the ambulance plane he was flying from Kweiyang to Changsha crashed. Buried in Changsha. Survived by wife, daughters, parents, and a brother, John DeF Pettus, '30.

The William Winston Pettus Memorial Scholarship Fund, the income of which is to be used to assist workers in Yale-in-China institutions to come to America for further study, has been established by Chinese and American friends.

FORMS OF BEQUEST

IN answer to many inquiries from alumni and friends of the University who plan to remember Yale in their wills, the following forms are suggested:

(GENERAL)

I give and bequeath to Yale University, a corporation existing under and by virtue of a charter granted by the General Assembly of the Colony and State of Connecticut, and located in the Town of New Haven in said State, Dollars, to be used (*or*, the income to be used) at the discretion of the Corporation of said University

(SPECIFIC)

I give and bequeath to Yale University, a corporation existing under and by virtue of a charter granted by the General Assembly of the Colony and State of Connecticut, and located in the Town of New Haven in said State, Dollars, to be used (*or*, the income to be used) for the following purposes
(*Here specify the purposes for which the bequest—or the income therefrom—is to be used*)

(It is strongly recommended that a competent lawyer be employed to prepare the will and to supervise its execution in order to comply with all the requirements of the law of the state in which the maker of the will resides. It is also wise to give the University considerable latitude in the use of any fund so that a change of circumstances may not impair the usefulness of the gift. The Treasurer of the University will be glad upon request to review the phrasing of any proposed form of bequest.)
